## The Johnson Brothers Band

Kentucky's original "rock 'n roll repertory orchestra", The Johnson Brothers Band specializes in performing meticulously reproduced renditions of challenging large-band material rarely heard in area clubs. During its nine-year history, the band has produced a CD of original material called "Tastes Like Chicken", performed as the onstage orchestra for UK's production of "The Who's Tommy", and performed every molecule of The Beatles "Sgt. Peppers Lonely Hearts Club Band". In July, the band will tackle "Jesus Christ Superstar" as part of the annual Lexington Shakespeare Festival.

Members include Bill Fairchild (bass), Jim Gleason (guitar), Dave Hamon (drums/keyboards), Steve Pasquariello (guitar/keyboards), Marty Walker (drums/flute) and Harold Young (keyboards). All sing.
